Little Me

“Lulu, do you want to go for a walk?”

“Bow-wow!”

“Wait, let me get mom.”

I am still very little.

**But I will be able to take Lulu
for a walk by myself someday.**

Someday soon.

**I can't greet people
in a loud voice.**

But I will be able to someday.

Someday soon.

The dress my grandma sent to me

Is too baggy and big for me.

But it will fit someday.

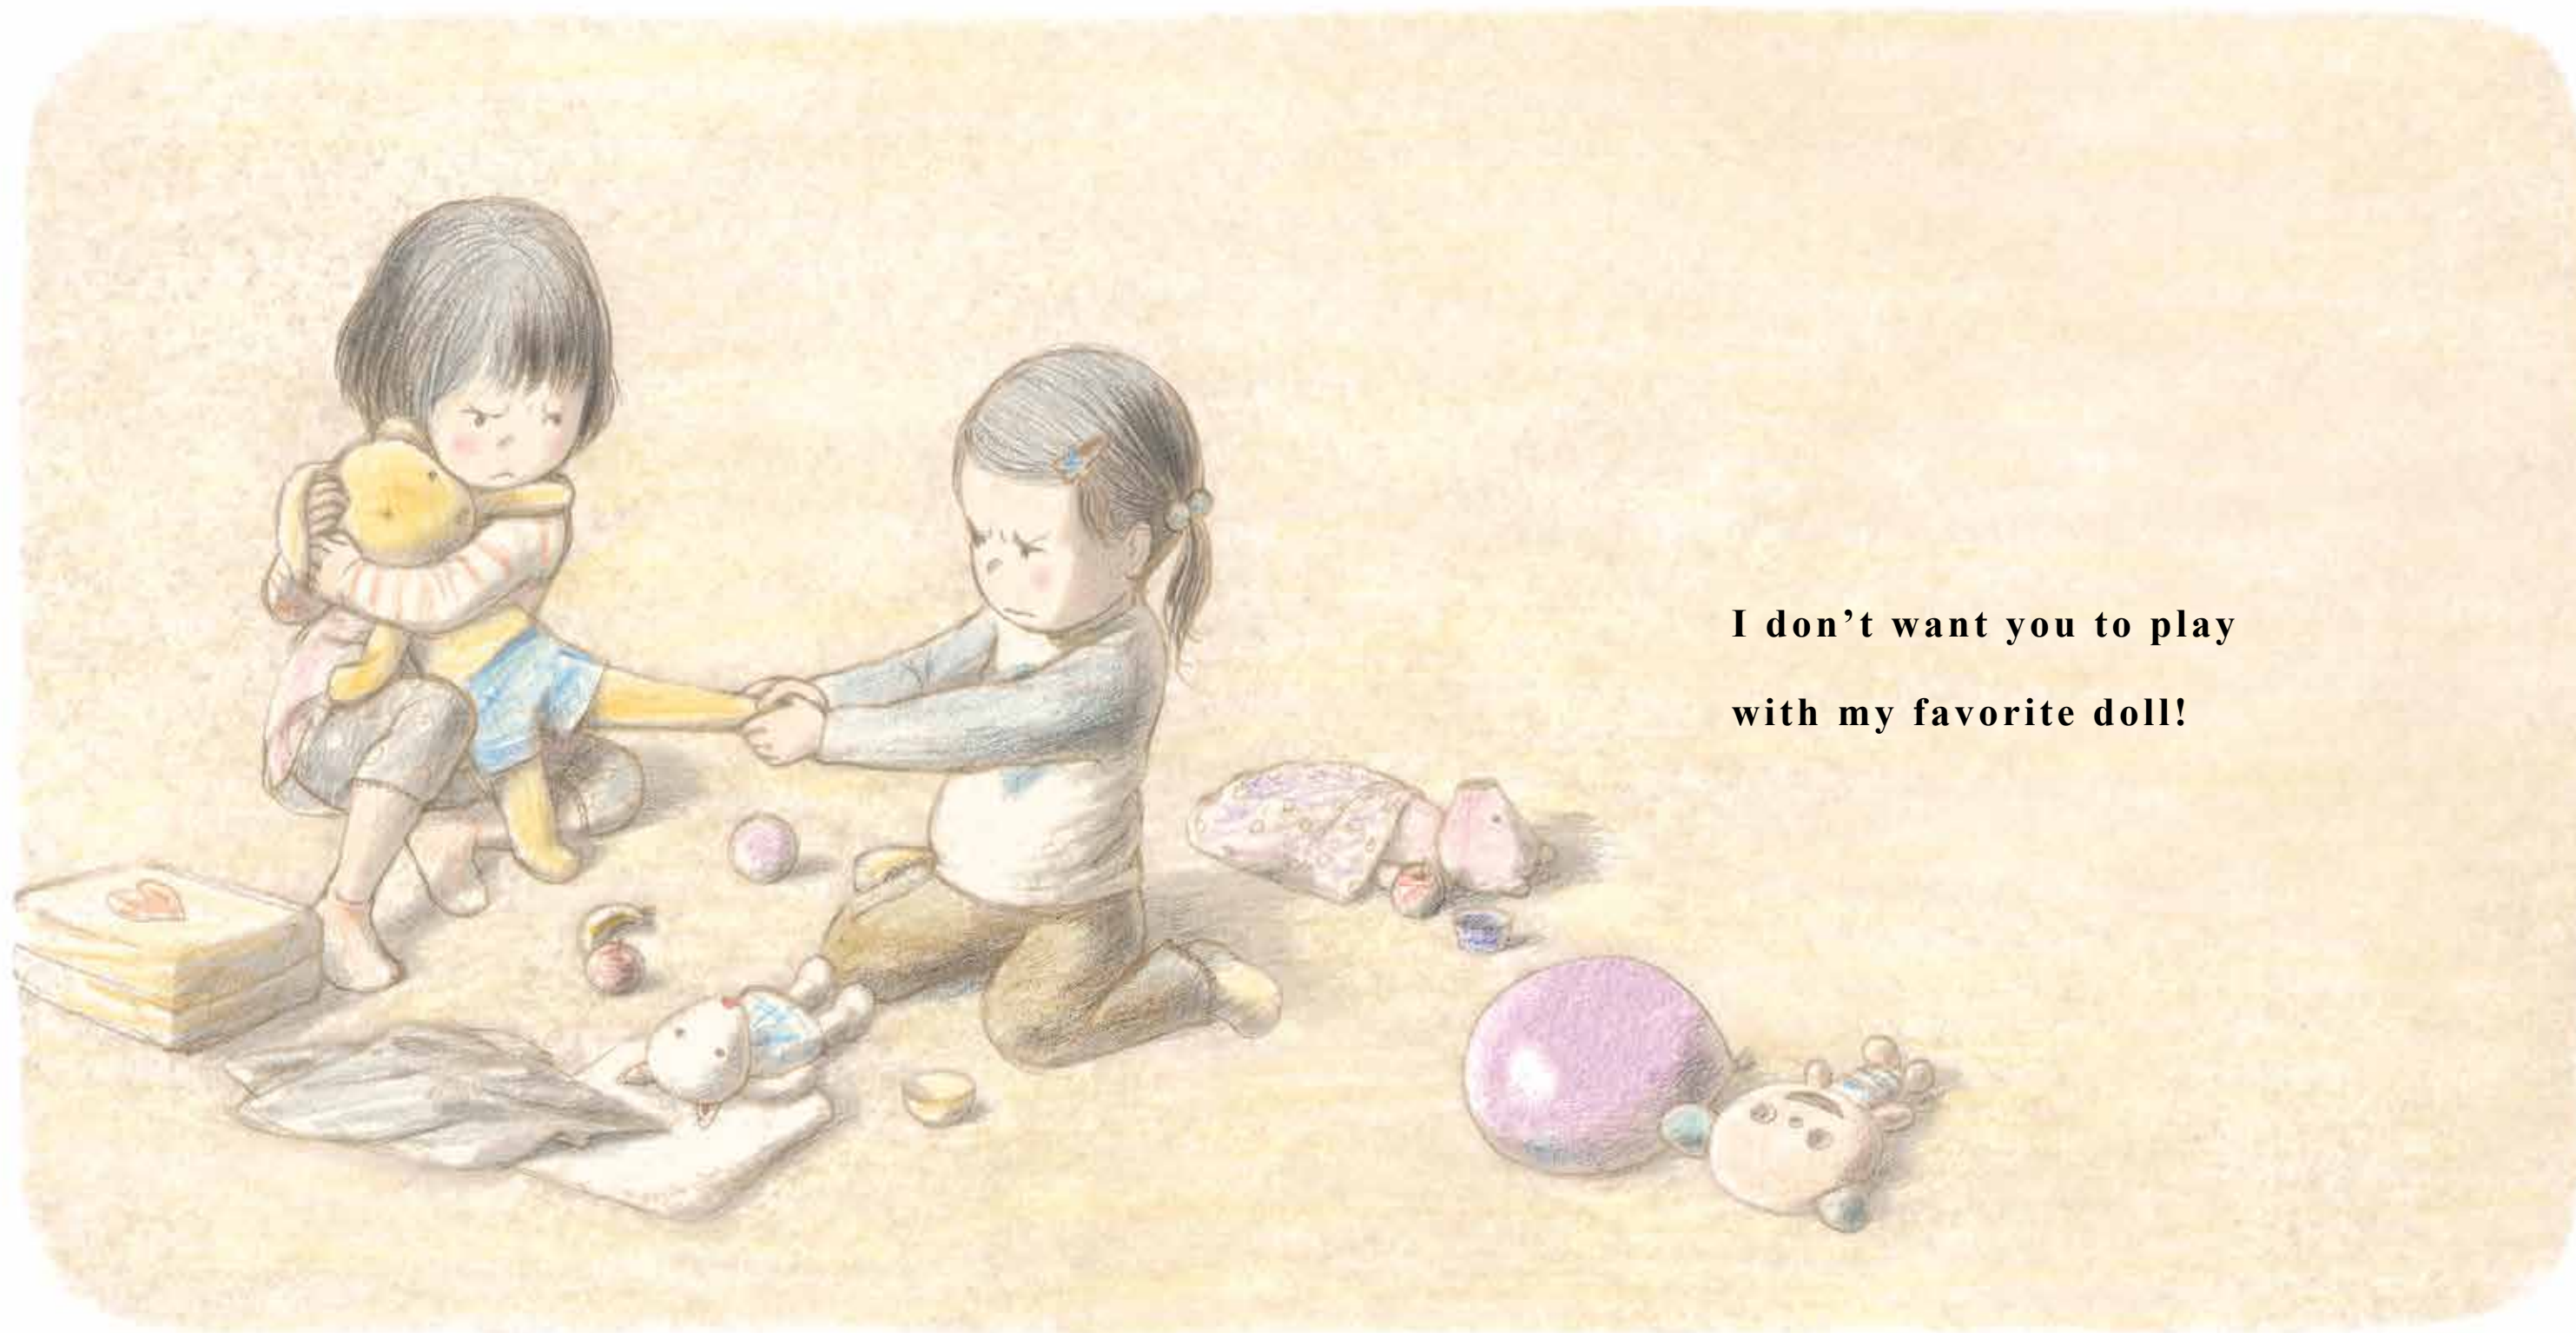

Someday soon.

**I am too scared to fall asleep
in the dark.**

**But I will be able to fall asleep
in the dark someday.
Someday soon.**

**I don't want you to play
with my favorite doll!**

**I won't play with you anymore!
I will never play with again!**

**Will I really never play with her again?
That would be sad.**

**Maybe I will play with her
someday soon?**

**But I don't want to wait for
"someday soon".**

I'm going to make up with her now.

**When I can do a lot of things by myself,
I won't be "Little Me" anymore.
Then, what will I be?**

I don't know.

But I know I will still love the things I love now, forever.

Like you, Lulu. I will love you forever.
